Friday 19 th July	Governors' Prize Giving Awards
Monday 22 nd July	Last day of term Leavers' Assembly & Disco

Reading is Important

All pupils have a reading book which must be kept in their reading bag or folders and brought into school every day; it is very important that your child brings in their book every day as we often provide opportunities to read in class.

Please encourage your child to read, each day sit with them and talk to them about their book. They need to understand what they are reading – not just be able to read the words.

Try taking your child to the library – it's free to join and borrow books

Breakfast Club

Breakfast Club takes place every day in the KS2 Hall from 8am to 9am at a cost of £2 per day. Call at the school office to arrange a place for your child.

Reminders

- Pupils will be having a PE lesson on **Thursdays**.
- Please make sure they have their P.E. kits including trainers/plimsolls with them on these days and that it is not worn under their uniform. Jewellery must not be worn at school except for stud earrings which must be removed or covered with plasters for P.E.
- Please ensure **ALL** of your child's clothing and shoes are labelled with their name. It is your child's responsibility to keep their belongings safe.
- Please make sure that your child is wearing appropriate clothing for the weather conditions (hat, sun-cream etc.)

Remember school starts at 9.00am – don't be late! The soft start to the day starts at 8.50am, please do not come into the school any earlier than this.

Need to talk to your child's teacher?

Remember – you don't need to wait until Parents' Evenings to talk to your child's class teacher. Messages or information can be shared when you drop off /collect your child. If you need a conversation, make an appointment – your child's teacher will normally see you on the same day.

Educational Visits

This term, Yr 6 will be visiting the following places:

- St Paul's Cathedral
- St James' Park
- The Princess Diana Memorial Gardens – Hyde Park
- Broadstairs

Year 6

Summer Term 2

RE

Similarities and Differences Between Religions

This unit will enable children to explore the differences and similarities within Christianity, Islam and two other religions or world views. It will introduce children to the concept of worship and community and will enable them to compare the meanings of both in their own lives and within the lives of human beings.

FRENCH

This Is France

Children will learn some fact about the country and compare with UK. They will bring together previous learning which will be applied to the comparison.

GEOGRAPHY

South America

By the end of this unit, children will study South America's culture, climate and key landmarks. They will be taught the importance of trade and tourism and its impact on the local communities. Children will be taught to locate the environmental regions, key physical and human characteristics, countries and major cities of the continent. They will be able to identify the position and significance of latitude, longitude, N & S. Hemisphere and the tropics of Cancer and Capricorn. They will engage in discussions regarding climate zones, biomes and vegetation belts as well as key economic activity and trade links associated with South America.

PE

Tennis

Children will be able to play shots on both sides of the body and overhead in practice s and when the opportunity arises in a game. They will learn how to spot the spaces in the opponent's court and hit the ball towards them; as well as position themselves well on the court. They will also work with a partner, adapting play to suit their own and others' strengths.

Cricket

Children will be able to use a range of skills effectively in a game with 'real' rules and judge a game played by peers.

Athletics

Children will be able to demonstrate stamina in various running, throwing and jumping activities and use their skills in different situations.

DT

Moving Pictures

This term, the Year 6 students will expand their knowledge of moving pictures by creating a short film using the stop animation technique. Working in groups, they will plan a storyboard, make the props and backgrounds needed and take many pictures that they will edit into a short animated film.

COMPUTING

Scratch

Clock Design

Children to create a clock on scratch.

SCIENCE

Electricity

Children will associate the brightness of lamp/volume of buzzer with the number and voltage of cells. They will give reasons for variations in how components function.

MUSIC

Music History

Children will be learning about the history of music as well as learning to evaluate and appreciate a range of types of music.
